

**13:30–14:45 Session 7B**

**Speaker: Lynn Palermo — *If I Had to Do it Over Again***

Chair: Susan Davis

Everyone makes mistakes, and in this lecture Lynn shows how to learn from her mistakes as well as those of other well-known genealogists. She covers organizing research, controlling the paper chaos, and keeping track of your steps so you can find your way back, as well as how to research like a professional when you're not, ask and get answers from your family, expand your genealogy education, step out of your comfort zone, and deal with the quagmire of online family trees.
