

15:15–16:30 Session 4B

Speaker: Shirley-Ann Pyefinch —*Finding Your Ancestors with FamilySearch*

Chair: Gloria Tubman

Shirley-Ann's talk will help researchers to more effectively use the resources and tools available through the *FamilySearch* website and to develop effective research strategies. She discusses adding names, editing information and navigating in Family Tree; searching historical records and filtering results; searching for and making good use of historical books; searching through submitted genealogies and contributing to genealogies; using the *FamilySearch* wiki and catalogue; and getting help from the many *FamilySearch* resources available.
