

**09:00–10:15 Session 5B**

**Speaker: Leanne Cooper — *The Wonders of WikiTree: Adventures in Collaborative Genealogy***

Chair: Mags Gaulden

*WikiTree* ([www.wikitree.com](http://www.wikitree.com)) is a free online collaborative family tree. Leanne explores various ways that *WikiTree* supports finding and collaborating with distant cousins and other genealogists.

By working together, we can build more complete and accurate life stories of our ancestors and ensure that this information is accessible to all.
